City Council

Mayor Patrick Jacob
Mayor Pro Kim Ware
Place 1—Vacant
Councilmember Dale Martin
Councilmember Amy Robinson
Councilmember Bill Mohr

CITY COUNCIL MEMBER
JIM ELLIOTT

We would like to thank Jim Elliott for his dedi-
cated service to the Town of Lakeside. Jim's
last Council meeting was May 14.

Police Department News

Officer Jennifer Bond was awarded a meritorious service award for her professionalism and diligence in preventing a tragedy on February 14, 2015. Officer bond was dispatched to a call of an 89 year old male with Alzheimer's, high blood pressure and very poor hearing who had wandered away from his home and could not be located. Upon her arrival Officer Bond began a search for Mr. White in an area heavily overgrown with brush, thorn patches and very uneven terrain. Officer bond found Mr. White tangled in a thorn patch and hidden from view. Officer Bond cut Mr. White free from the thorns, assisted him out of the wooded area and reunited him with his wife.

The Executive Director of MedStar Mobile Healthcare presented the Police Department with a Teamwork Award in recognition of their assistance with the Ice-Mageddon Events Winter, 2013 and 2014.

Welcome Christina Kenyon and Lori Pendley who were affirmed by Council as Reserve Police Officers during the May 14th Council Meeting. These reserve officers were sworn in by Chief Pitts on Monday May 17th and 20th and will begin orientation and field training in the coming week.

Garage Sale Permits

With Spring upon us and Summer just around the corner, it is the perfect time for garage sales. If you plan on having one, please remember to first stop by Town Hall for a permit. Permits are \$10.00, sales are limited to two per calendar year, and only on Friday, Saturday or Sunday.

MESSAGE FROM MAYOR PATRICK JACOB

Are you aware that the Town of Lakeside gets its water from aquifers beneath the town. This means that Lakeside does not use surface water or water from any of the area lakes.

Just as there is a regional district for the surface water there is a Ground Water District. Ours is the Northern Trinity Groundwater District. Just as the regional Surface Water District attempts to plan for future conditions, so does our groundwater District.

Our District has adopted a set of DFCs (Defined Future Conditions) for our aquifers. Just like surface water, ground water is not a limitless resource. Our recent rains are as important to the groundwater as they are to the area lakes. The DFCs are available from the Groundwater District web site.
