MESSAGE FROM THE MAYOR

At the recent Lake Worth Regional Coordination Committee meeting we learned that some additional dredging of Lake Worth has been approved. While not part of the original plan, the added areas include Camp Joy and spots along Watercress Drive. As briefed, this work will be from the shoreline outward. The dredging equipment will be close to shore and you may even hear it operating. The City of Fort Worth is adding 11.5 miles to the Trinity Trail system. The trails, which currently end by the Naval Air Station, will be extended all the way to Wildwood Park. The Casino Beach project is progressing with a targeted completion in the 3rd quarter of 2014. More information is available at <http://fortworthtexas.gov/boards/lakeworthrcc/>.

The installation of the natural gas pipeline connecting the pad site off Western Trail has begun. The pipeline will connect the pad site to the current pipeline near Silver Creek Road.

As always, check the Town's website for the latest information <http://www.lakesidetexas.us/>.
