ANIMAL LICENSE RENEWAL

A pet license identifies and protects your pet in case it becomes lost. Even indoor pets can get out and become lost. You are required to renew your license yearly and to keep your license updated when you move and/or your pet is given away, is lost, stolen or is deceased.

A benefit of having your pet licensed is if the pet is lost and someone finds it, they can call Town Hall and we can look up the license number and contact the owner's so the pet can be returned.

When you apply for an animal license, you will need to do the following:
Submit proof of rabies vaccination to Town Hall & pay the licensing fee .

Licensing fees for dogs & cats is \$8.00 each

The animal license registration period begins on June 1st to **May 31st** of the following year.

WHEN DO I NEED A PERMIT?

The Town of Lakeside reminds residents of the importance of building codes and building permits. Most home improvement projects beyond cosmetic work require a building permit. The permit and inspection process helps protect your family from safety risks like structural failures, fire hazards or electrical shock. It may also help eliminate costly repairs for shoddy work. The following are some common projects that require permits:

- Installing or replacing water heaters, HVAC systems, water lines or sewer lines;
- Any electrical or gas line work;
- Replacing a roof or fence
- Adding or replacing walls or windows;
- Pouring of concrete, widening/replacing driveway;
- Construction of a storage building, carports or patio cover;
- Installing a tornado shelter;
- Installing lawn irrigation systems;

Projects that are cosmetic, such as painting, wallpapering, carpeting, patching sheetrock, and trim work, etc., do not require permits.

Safety is the primary reason building permits are required. When a permit is issued, the city will inspect the work to make sure it is done correctly and in compliance with current building and safety codes. It is the homeowner's responsibility to make sure that their contractor obtains a building permit. You will be charged double the permit fee for any work done before a permit is obtained. Permits should be displayed on site until the work is completed and passes inspection. NATIONAL POLICE WEEK

May 15th is National Peace Officers Memorial Day and marks the beginning of National Police Week. National Police Week pays special recognition to those law enforcement officers who have lost their lives in the line of duty while protecting life and property.

We must never forget that 900,000 law enforcement officers nationwide risk their lives every day for our safety and protection. Last year, 140 of those men and women did not make it home to their families at the end of their shift. This year 38 officers and 4 K-9 officers have died in the line of duty.

Please take time to recognize your Lakeside police officers,
they are on duty to protect and serve all Lakeside residents.
