CodeRED was selected for it's reliability and accuracy, as well as the system's global use. The Town anticipates using the system to notify residents in specific locations of road closures, drinking water interruptions and other emergencies. All residents living within the Town of Lakeside and those customers of the Town of Lakeside water system living outside the town limits are encouraged to visit the Town's website at www.lakesidetexas.us and click on the CodeRED tab to enroll and provide additional contact information including cell phone numbers, text and email addresses.
